NEWSLETTER NO. 08

6th June 2019

In our last newsletter I gave you an overview of our proposed reporting system and how this links across the year. In recent days there has been some talk about PATs (Progress and Achievement Tests) and Mathematics at Helensville Primary School. Here is some information we hope you may find helpful.

PATs

In March, Year 4-8 students completed PATs in Mathematics, Reading Comprehension, Reading Vocabulary and Punctuation & Grammar. These are a set of tests we conduct annually and are used by many schools in New Zealand, they are multiple-choice and provide valuable information for students, teachers and schools. The tests allow schools to compare scores with students nationally at the same year level. They are, however, only one test, taken on one day and results for individual students should be viewed alongside other assessment information rather than in isolation.

Some teachers have shared PAT data with students and whānau if they feel it supports conversations around learning. This data is available for your child if you want to see it.

Our upcoming reports look at achievement across the whole of Reading, Writing and Mathematics. They are a teacher judgement based on a range of assessments (like PATs), observation of students, conferencing with students, bookwork, online work, etc.

When all of these judgements are completed and collated, we will be sharing the data with the Board of Trustees and then whānau. This data provides a much clearer picture of how students are progressing rather than looking at one assessment alone. Many of our students will also get to see this data and talk about what it means.

Earlier this year, Year 5-8 students had the opportunity to look at last year's data. They engaged in lively discussions about patterns and trends and considered what they thought might influence the data. We will continue to have these important conversations with them.

Mathematics

As we already knew, our Mathematics achievement is a little lower than the national picture in PATs. Across our school and our local Community of Learning schools (Te Kāhui Ako o Kaipara), we have been aware of this trend and are concentrating on this as a school focus. Last year, we examined student achievement in place value and found that it was an area for development. Our neighbouring schools have identified similar patterns. This year, we have adopted a well researched assessment tool with back up resources to support a focus on place value. We are monitoring this carefully and providing teachers with relevant professional development.

Should you have any questions, please feel free to ask

Ehara taku toa i te toa takitahi engari he toa takimano

My strength is not that of an individual but that of a collective

Deborah Heasman

New Ways of Reporting at Helensville Primary School

This year we have made some changes to the ways we are sharing information with families/whānau.

Conversations about how students are progressing and achieving across the curriculum should be meaningful and ongoing. Sharing information is an essential part of this process.

We have been looking at ways to shift from reporting to parents and whānau as a twice-yearly 'compliance' activity to ongoing information sharing with and between ākonga (students), parents/whānau and teachers.

Our new twice-yearly report forms only one part of our overall reporting process. It shows student progress and achievement against national achievement objectives in Reading, Writing and Maths, and against an effort matrix. It also offers a general comment on the student's learning and participation in the wider curriculum as well as a record of attendance.

The other elements of information sharing used at HPS are the Learner Map Conferences and Seesaw. Throughout this year, teachers and students have worked hard to share as much as possible about learning on Seesaw. We are continuing to develop ways to make this as authentic and meaningful as possible. All whānau members are encouraged to be a part of their students' learning and write comments back to them.

To make the most of the opportunity when responding to work on Seesaw we encourage whānau to be quite specific with feedback. Here are some examples of the types of comments you could make:

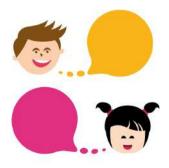

- 1. A positive compliment about your child's piece of work saying what you like about it e.g. "What a great effort you have made, I can see you have worked very hard on finishing your maths tasks."
- 2. A constructive comment to help enhance the quality or skill base of the work. e.g. "Keep working on developing your multiplication skills." "I notice you've used colourful squiggly lines. They really look like a caterpillar moving."

Reports will be shared on Wednesday 19th June

The reports are a summary of learning progress and a chance for students, teachers and whānau to think about what has been achieved and what the next steps may be.

The reports have some of the same features as the ones we shared last year and some new ones. The reports will be shared on Seesaw (or sent home as a paper copy to those with no Seesaw access). See your classroom teacher if you would like support to access Seesaw or if you would like a hard copy of your report.

Later this year we will be asking for your feedback on our new processes.

Calendar of Events - Term 2 2019	
6th June	Rimu trip to Haranui Marae
10-14th June	Matariki Ahunganui Week
11th June	Ski Trial/Training at Snow Planet
12th & 14th June	Whitebait Connection Rooms 20 and 21
12th June	Science Roadshow - Rata and Rimu

Instrumental music lessons at Helensville School. We provide a range of instruments and lessons to suit your child*

> Find out more: Call Kristin 021 443 620 email info@musicroom.org.nz

*instrument choices vary according to tutors

Important notice to all parents/caregivers of students who catch the school bus home. Parents, you MUST be waiting at the bus stop to collect your child/children or they will be returned to school.

Inquiry of change

This term our inquiry is on 'Change,' focusing on science experiments. We have been comparing chemical and physical changes by experimenting with a range of different materials. We are all having so much fun!

Tiakimanawa

Ehara taku toa i te toa takitahi, engari he toa takitini-My strength is not made of a single warrior, but of many.

Tiakimanwa has been pumping this year with significant cultural events. Pasifika performed at the Kaipātiki Event which was a huge success and resulted in a photo in the Helensville News. Recently the Ngā Mataamua Kapahaka Rōpū participated in a wānanga at our local marae - Haranui. The Ngā Pōtiki Kapahaka Rōpū are learning and polishing items which will be showcased at this year's Kaipara Festival. Another big focus within Tiakimanawa, is preparing for Matariki Ahunganui Week which will see a range of activities acknowledging this symbol of the Māori new year.

Stay tuned for more details!

North Island Primary and Intermediate School Snow Sports Championships (NIPS) 2019

Year 7 & 8 ski competitors Monday 26th August - Thursday 29th August

Year 1 - 6 ski competitors Monday 2nd September - Thursday 5th September

Attention Helensville Primary School Skiers!

Once again it is nearly time for this annual event at Whakapapa. It is the largest skiing competition held on Mt Ruapehu with over 300 competitors. Keen skiers who are able to negotiate their way down Whakapapa from Knoll Ridge (or similar mountain) are invited to register their interest and to attend a trial/training at Snow Planet on Tuesday 11th June.

Should your child then make it into the team, the following days have been booked for ski training at Snow Planet: Tuesday 6th August, Tuesday 13th August and Tuesday 20th August from 12.00 - 1.30pm, departing school at 11am. The cost per skier per Snow Planet session will be \$46.00 (\$36 for Snow Planet members) which includes entry, 1 ½

hours with a race coach and race lines. Payment will need to be made at the counter at Snow Planet before each training. Skis and boots can be hired for an extra \$22.00, jacket and pants for \$19.00 and gloves for \$9.00. If you have a Snow Planet RFID card please bring it along, otherwise there is a one off charge of \$6 for this card, which allows you to access the lifts. We will also require parents to provide transport and support with getting ready.

During the week of NIPS all competitors will need an adult to stay with them. Because it is such a high risk event, we cannot ask another parent to take responsibility for someone else's child. Event entry and accommodation costs are expected to be approximately \$350.00 per skier. We would love to expand our core group of skiers so please email Helen Gafa, heleg@helensville.school.nz or see the office to register your interest.

A big thank you to South Kaipara Rotary for sponsoring cooking classes this term at Te Whare Oranga o Parakai.

We had so much fun and very tasty results!

Tough Guy and Girl Challenge

Would you like prime position to cheer on your muddy child?
Would you enjoy a hamper full of goodies?
Would you appreciate FREE childcare (including breakfast) if
you volunteer?

PATHS have teamed up with the organisers of The Tough Guy and Girl Challenge at Rautawhiri Park in July this year and your <u>support would be warmly welcomed</u>. We are looking for <u>28 volunteers</u> (age 18+) for <u>Monday 1st July and Tuesday 2nd July</u> to help at registrations and on the muddy track. (7.45am-1pm). We have the potential to earn up to \$3500.00 for the school.

<u>PATHS will pay</u> for your child / children (up to two children per volunteer) to attend <u>Before School Care</u> in the Helensville School Hall, from 7.30am - 8.30am.. Breakfast will also be offered to those who attend. Children MUST be school aged. Once you return your slip below, please contact Kimmie 021 420 924 to book in.

Volunteers will go in the <u>draw to win an amazing hamper</u> with local beer, wine, meat, Parakai Springs tickets, massage vouchers and much, much more!

For this AMAZING opportunity (and to help support the fundraising efforts of our school, <u>PLEASE</u>, <u>PLEASE</u>, <u>PLEASE</u> contact Kim Godek in Room 21, either by coming into class, returning the below slip, emailing <u>kimg@helensville.school.nz</u>, or by giving your details to the lovely office ladies to pass on.
